Phase 2: Coach Training Core Curriculum and Integration of Learning

This outline is an example of how the key components of Phase 2 might be laid out. Outside of your gatherings with Katherine, you will be meeting in intimate groups of 6 or fewer with a Supervising Faculty Coach. Because the group size is small, your actual Meeting Dates/Times with your Cohort will be determined with your Faculty Coach after enrollment. Again, what's shown below is an example to demonstrate the cadence of calls each month.

Module 1: Cohort Meeting with Faculty Coach	Supervision with Katherine (2-hours)			
			Module 1: Personal Support Group Coaching & Practice Circle with Katherine & Faculty Coaches	
Module 2: Cohort Meeting with Faculty Coach				
			Module 2: Personal Support Group Coaching & Practice Circle with Katherine & Faculty Coaches	

Each 2-week module is designed to train you in transformational coaching frameworks, and support you in embodying the principles and practices as a coach, guide, and facilitator of this process through regular practice with your peers.

Modules include pre-recorded classrooms to watch and/or relevant assignments to complete.

This format will repeat for all 8 modules of the Core Curriculum.

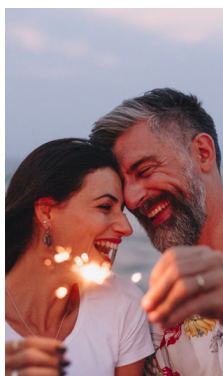

Phase 2: Coach Training Core Curriculum and Integration of Learning

MODULE ONE: AWAKENING TO YOURSELF AS AN ACTIVE AGENT OF THE EVOLUTION OF LOVE

BEGINS MARCH 18, 2024

You will be grounded in an evolutionary model of modern-day love, and given the tools and techniques you'll need to make the difference you feel called to make. You will also awaken to yourself as an inspired and empowered vehicle of life-altering healing and transformation.

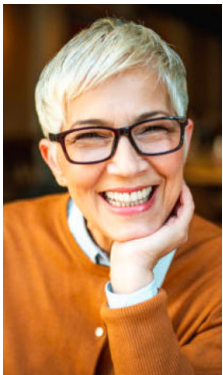

MODULE TWO: ACTIVATING THE POSSIBILITY OF HAPPY HEALTHY LOVE, NO LONGER LIMITED BY THE WOUNDS OF THE PAST

BEGINS APRIL 1

You will become strongly anchored in a vision of deep health and happiness in love, and given a clear roadmap to what it takes to achieve true and lasting love. You will recognize that the past does not determine what's possible in love, and become masterful at opening up the possibilities present for profound breakthroughs in love.

Phase 2: Coach Training Core Curriculum and Integration of Learning

MODULE THREE: CULTIVATING THE CAPACITY TO HOLD SPACE FOR MIRACULOUS HEALING & TRANSFORMATION

BEGINS APRIL 15

You will begin to feel self-assured in your ability to be present with yourself and others in ways that create a space for miracles to occur. You will begin relating to yourself as a manifester of the miraculous and hone your capacity for inspiring others to the potential they hold for true transformation.

MODULE FOUR: BECOMING A MASTER FACILITATOR OF THE TRUE YOU AWAKENING PROCESS

BEGINS APRIL 29

You will become a masterful catalyst to awaken others to the truth of their worthiness and power to receive the love they long for. You'll also learn to identify the many ways we are the source of our own experiences in life and love, opening the space for liberation beyond patterns of the past.

Phase 2: Coach Training Core Curriculum and Integration of Learning

MODULE FIVE: DISCOVERING THE POWER WE HOLD TO MANIFEST MIRACLES

BEGINS MAY 13

While many of us are savvy about how to let go of what we no longer want in our relationships, you will discover the keys to how you can activate the power to manifest what you do want! You will learn the elements of how to manifest the miraculous and discover ways to transmit these powerful teachings to others.

MODULE SIX: RECOGNIZING SELF-LOVE AS THE SOURCE OF AND FOUNDATION FOR LOVING OTHERS

BEGINS MAY 27

You will be given the core teachings of how to help others transform their love lives from the inside out. By mastering the key practices of how to tend to the Traumatized Self in the body, differentiating this wounded self from the True Self, you will become the liberator of life-long unhealthy relational dynamics, and the herald of authentic self-love which serves as the rock solid foundation for true love with others.

Phase 2: Coach Training Core Curriculum and Integration of Learning

MODULE SEVEN: CONSCIOUSLY CREATE A NEW STORY IN LOVE AND CATALYZE THE FUTURE YOU'VE ENVISIONED

BEGINS JUNE 3

You will discover the key practices of how to grow love healthy and strong. Old patterns lose their power as new ways of relating become more organic and easy to implement. Clients gain confidence in their capacity to navigate the love they are calling into their lives in happy, healthy ways.

MODULE EIGHT: ANCHORING INTO POSSIBILITY AND LEARNING TO STAY GENERATIVE IN THE FACE OF ALL BREAKDOWNS, SETBACKS, OBSTACLES AND DELAYS

BEGINS JUNE 17

In these final stages of the *Calling in "The One"* process, you as a master facilitator of transformation are generative of the love that is missing in any given situation. You become masterful at staying in possibility no matter what the circumstances are, and unstoppable in your ability to turn any disappointment into a learning opportunity. Making you a miracle worker of the highest order!

Phase 3: Stepping Into Yourself as the Facilitator of Miracles for Others—A Supervised Practicum

After completing the Core Curriculum, you will be ready to **begin practicing the coaching tools by guiding a minimum of four (4) practicum clients through the 7-step Calling in "The One" process.**

In addition to growing your mastery of Katherine's transformative techniques, you will be equipped to create health and safety in your coaching relationships in order to achieve the highest level of transformation possible.

During Practicum, **your Faculty Coach will review your recorded client videos and provide weekly supervision and feedback.** Your ongoing regular meetings with Katherine will also be a source of supervision and support.

The Practicum Period runs from July through August 2024.

Phase 4: Launching Your Abundant Practice
